# Fabulous Onyx Green Light

**Restelo, Lisbon, Portugal**

In the lisbon area of Restelo a fabulous house demarks itself with a facade and spectacular interiors on **Light Green Onyx**. The facade in Onyx takes the maximum outcome from the translucent characteristics of this material... the pictures tell us all!

In the interiors, pavement of the living-room, fireplace and restroom are faced in Light Green Onyx in a perfect continuity of the façade's panel. A note also to the book-matching of the veins.
