

Shades of Beige - Gorgeous Terrace and Kitchen in Estoril

Estoril, Portugal

For the outdoor terrace, a simply wonderful and surprising combination: a checkered floor composed of Portuguese **Ataíja Blue** and Italian marble **Rosa Perlino**, both in bush hammered finish.

In the kitchen, the client chose **Bianco Carrara** marble for the floor and **Absolute Black** granite for the countertops.

An air of classic antiquity in perfect harmony with the house.
