

Turkish Bath in Silver Gold Travertine

Lisbon, Portugal

A Turkish bath fully clad in polished **Silver Gold Travertine**, a dream come true in an apartment in Lisbon.

The altar for ritual ablutions in **Crema Marfil** was masterfully executed.

The client also asked for a bathroom fully covered in **Travertino Romano** (floor, coating and top). The shower tray in the same travertine was sandblasted to make it non-slip.

We can be proud of the result!
